

rightnow MEDIA

Our church's Bible study library is now digital and gigantic.

Over 20,000 discipleship videos for kids, youth, and adults.

We're excited to share that our church is partnering with a ministry called RightNow Media!

RightNow Media is an online library of over 20,000 Bible study videos that you and your family will have access to on all your devices. And it's FREE to you! You will find topics from marriage, parenting, books of the Bible, doctrine, and more. They even have a whole section just for children.

To get started, you should receive an e-mail from RightNow Media that will allow you to set up your own profile through a link that says "Get Started". Once that is done, you are ready to enjoy! We pray this resource will help you grow in your walk with Jesus.

Dear Church Family,

George and I wish to thank all of you for the cards, the food, and especially, your prayers while I heal. We love and appreciate you more than you know.

Love,
Joy Milner

Dr. Stuart Lang
Senior Pastor

Last week I mentioned the need to lock doors so the building is secured before our preschoolers arrive for weekday. This week, I want to mention a different type of security, and perhaps more necessary than locking doors.

"Ministry Safe" is a Texas-based ministry founded by two Christian attorneys who have a passion for protecting children from abusive situations, especially in church and camp settings.

As a church, we must take every necessary precaution to protect those entrusted to our care. To that end, we will be utilizing "Ministry Safe" as a tool to help us increase our child protection protocols. We will start with staff, but over the next several months, plan to have everyone (paid or volunteer) who works with minors go through the video training.

This act of preventive security is (unfortunately) necessary. It's also a very positive statement to young families visiting our church, that we care about you and your children.
